We want to draw your attention to certain provisions on public peace and order that are in force in Novalja and we cordially ask you to follow them.

Your and our safety is in the capable hands of the community service officers and the police of the Town of Novalja.

Please respect our culture and the tradition of the Town of Novalja, as well as the house rules of the place you are staying at.

Thank you for choosing Novalja!
Have a nice stay!

You can find the *party zone* at the Zrće beach, while in the city itself we expect you to:

safeguard the environment and the cleanliness of the beaches because protecting the environment is our common goal,

respect the ban on drinking in public places since there are bars and clubs intended for that,

contribute to keeping parks and green areas clean and tidy,

respect public peace and order during the night, especially in the city and the place of accommodation,

respect the rule on suitable clothing in the city itself,

treat the officials responsible for public peace and order with respect.
